Protocol Link Solidifies Commitment to Protecting its Intellectual Property

VERNON HILLS, IL – (March 5, 2009) Protocol Link, Inc., a leading project management and consulting firm to the FDA-regulated life sciences industry, today announced that the United States Patent and Trademark Office (USPTO) has granted service mark protection for its Protocol Link logo mark and tagline, Process Done Right, in accordance with the Trademark Act of 1946, as Amended.

The registered Protocol Link marks cover USPTO Class 35 (U.S. CLS. 100, 101, and 102) for Business Advisory Services, Consultancy and Information and further demonstrate Protocol Link's commitment to protecting its intellectual property.

"This is the first time in Protocol Link's history that we have secured a federal trademark registration, which exemplifies our considerable commitment to protecting our intellectual property (IP) and strengthening our brand," said Dipak Doshi, CEO of Protocol Link. "We plan to continue making a significant investment in managing and protecting our IP for both internal business operations and client project management," added Mr. Doshi.

About Protocol Link

With an established client base worldwide, Chicago-based Protocol Link, Inc., is a leading project management and consulting firm dedicated to providing comprehensive regulatory compliance, quality assurance, cGMP documentation, validation, and technology services to FDA-regulated life sciences companies worldwide. Founded in 1996, Protocol Link's mission is to provide customer-focused services with ethical conduct, mutual trust, and personnel empowerment. Additional information can be obtained by visiting Protocol Link's Web site at: www.protocollink.com.
